Other Types Of Works

RENOYAZ

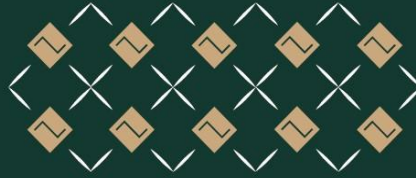

Works That Always Win

Manufacturing, installation and detailing are not only what we do. After studying the needs of the market and the client, we have taken care of covering all the requirements within the scope of our work.

We have a team with extensive experience in other fields.

Such as :

- Disinfection Services
- Pest Control Services
- Lawn Mowers Work
- Swimming Pool Services

08

Disinfection Service

Professional Disinfection & Sanitization. Our anti-bacterial disinfectant will reduce 99.99% of bacteria and viruses in the air and viruses as well as surface bacteria.

The disinfection mist is dispersed in fine particles that slowly settle onto surfaces – killing pathogens in seconds – and then left to dry. It is part of our mission to protect public health and our technicians are fully trained to provide disinfecting and sanitizing services to offers peace of mind for our customers.

- 99.99% Kills bacteria , virus, microbials & fungi
- High efficiency
- Food grade standard
- Odourless
- Environment Friendly
- Non irritating to skin & eyes

Pest Control Services

We believe that genuine comfort and increased productivity come from the quality of the surrounding and clean environment.

Our Pest Control team delivers professional and high quality Pest Control service.

TERMITES

Our licensed pest control professional will be able to recommend a course of action depending on many factors, including the area of the country that you live in, the size of your infestation, the termite species present.

RODEN & MOUSE

We offer a comprehensive site inspection to assess the source of attraction, breeding site, level of infestation, and to identify the rat species.

MOSQUITO AND STINGING INSECTS

The numbers of dengue and malaria cases have proven that mosquitoes are more deadly than they look. Our pest expert will assess your mosquito problem and recommend a way to get them to buzz off.

COCKROACH & ANTS

Our experienced and professionally trained service technicians enable us to deal with cockroaches and will help you to remove the pest completely

Lawn Mowers Work

A lush and greener lawn plays a vital role in enhancing the curb appeal of a property and leaves a positive impression on the onlookers. But an overgrown grass gives an unsightly appearance to the landscape. A regular grass cutting can make the lawn look better as well as boost grass growth.

Most people are not able to find enough time for regular grass cutting and mowing. Additionally, it is a high-risk chore for anyone inexperienced in handling the lawnmower.

Our team of professionals not just mow the lawn but also give it a finishing touch of edging and trimming.

Swimming Pool Services

We are the only pool specialist that covers all aspects of pool-related services.

Currently, we have more than 100+ satisfied customers ranging from private residential pools, high-end apartments, condominiums, embassy to clubhouse pools.

Our in-house well-trained technicians are dedicated and responsible in their duties. In addition, we have a backup team of supervisors and engineers to assure you of our attention at all times.

We provide huge services in this field like :

- New Pool Renovation
- Eco Green Product
- Pool Upgrading & Repair
- Site Visit Consultation
- Pool Cleaning
